Dear Kylie

2005 North Shore Business Awards

Congratulations on your great success at the 2005 North Shore Business Awards.

Transurban is delighted to be a sponsor of these awards which recognise local business excellence.

Transurban is the new owner of the M2 and a major owner and the operator of Westlink M7, currently under construction and on target to open in April 2006.

The 40 km M7 will connect Baulkham Hills and Liverpool, avoiding 48 sets of traffic lights and dramatically cutting travel times.

The M2 and M7 are the quickest way for business to access Sydney's west and north west.

For more information on Transurban please go to our website at: www.transurban.com.au

All the best for your continued success.

Yours sincerely

Good Morning,

CONGRATULATIONS – WINNERS!

As one of the supporting sponsors of the North Shore Business Awards I am writing to you to congratulate you on taking out an Award at the presentation night.

One of the greatest accolades that we can all receive is that of the support of our customers or those who we are privileged to serve. You are obviously doing a fantastic job in servicing your customers and your local community and we too take pleasure in congratulating you on what you are doing with your business.

Like all things in business though don't rest of your laurels. Keep improving and see how you can provide more efficient and better service and you will be rewarded ten fold for your efforts.

On behalf of my partners and our team well done and we look forward to seeing you at the 2006 North Shore Business Awards.

Kind Regards,

JOHN S WATSON
